## **Strategically Use Toll-free Numbers To Grow Innovate And Disrupt**

from [https://blog voipinnovations com/strategically-use-toll-free-numbers-to-grow-innovate-and-disrupt..](https://blog.voipinnovations.com/strategically-use-toll-free-numbers-to-grow-innovate-and-disrupt/) In comparison, 85% of numbers were in use in Q2 2015 with a less than 1% chance of exhaust.. A 2015 “Forecasting Utilization of Toll-Free Numbers” report from the North American Numbering Plan Association (NANPA) estimated that by Q1 2018, 100% of toll-free numbers would be in use with a 66% probability of exhaust.
